

## Limburg Biennale 2024

In the summer of 2024, Marres – in collaboration with Odapark, Venray – is organizing the third edition of the *Limburg Biennale*: a group exhibition that connects the professional with the amateur arts. The grand opening will take place on June 29, 2024.

Both previous editions of the *Limburg Biennale* were a great success. In 2022, Marres received 1,600 submitted artworks after placing an open call, 500 more than in 2020. The *Limburg Biennale* proved to be a real crowd pleaser and became the best-attended exhibition at Marres in 2022. For many participants, the group exhibition boosted their careers and enriched their portfolios.

### Open Call

Through the Open Call, Marres and Odapark received a spectacular number of 1,400 applications! Through this Open Call, everyone who feels like an artist was invited to participate in the *Limburg Biennale*. Interested parties, young and old, established and unknown, from individual to collective, could register with a maximum of three existing artworks. This could be any type of artwork: painting, video, sculpture, audio, performance, etc.

During the week of April 29-May 3, 2024, the selected artists will be announced.

## **Jury**

The jury and curatorial team, consisting of 18 professional artists, will assess the submissions without knowing the applicants' identities. They will then arrange their chosen selection in a space at Marres or Odapark, where the artworks will be shown alongside their own. The jury includes members from both Limburg and beyond.
